

DISCOUNT PARK TICKETS- NO LONGER TO BE SOLD

Effective immediately the credit union will no longer sell discount park tickets. The parks have been brokering and offer different deals with other merchants and by the Parks themselves that are not available for the credit union to sell to you. We want the best deals for our members. Since we cannot offer the same pricing or are being forced to purchase large quantities of tickets without the ability to return unsold stock, we will no longer offer them. It should be made clear that the credit union made \$0.00 from the sale of park tickets. We regret any inconvenience their actions may cause you.
